

CCM

JUNCTION BOX MAGNETIC C. + TAMPER

GENERAL

Specially designed to install Magnetic Contacts, and be able to connect charge resistances or line ends, according to the central manufacturer's instructions.

Junction box for indoor use manufactured with white ABS provided with tamper and cover opening, meets the requirements of the **UNE-EN50131 Class II Grade 2 standards**

TECHNICAL SPECIFICATIONS

Terminal cable entry	-----	0.25 - 2.5 mm ²
Terminal maximum current	-----	10A @ 250 V
Tamper	-----	Micro-ruptor NA

Mechanical properties

• Dimensions in m/m	-----	78 x 24 x 18
• Material	-----	ABS
• Weight	-----	22 g
• Colour	-----	White

Environmental

• Operating temperature	-----	-10°C to +50°C
• Storage temperature	-----	-10°C to +50°C
• Relative humidity	-----	0-95% (without condensation)
• IP Range	-----	IP24

CONNECTIONS
